6.3mm Floor Sensor Mat - Cordless

PRODUCT CODES:

Black - 6.3mm Floor Mat & Transmitter: MED-FM-03X-WT

FULL KIT: Receiver Box, 6.3mm Black Floor Mat & Transmitter: MED-FM-03K-W6T(X) or -W3T(X)

Indigo Care provides a smart Australian designed 2-Fold Premium Cordless 6.3mm connection, PVC Floor Sensor Mat. It is specifically designed to be used with our 6.3mm Transmitter (RTU) and that will immediately alert staff when a resident steps on the sensor mat. The cordless floor sensor mat is purposely designed for easier storage and trip-hazard free.

The transmitter is an exclusive ID encoded RF Transmitter which communicates with the Cordless Receiver (RRU) or the Universal Call Point (UCPV5.1). It allows the Floor mat to wirelessly transmit an alarm to the call point.

Simply connect the 6.3mm Transmitter to the floor sensor mat and program it to the RRU or Dual Function Call Point by following the instructions printed on the Receiver. The sensor mat will now trigger the call point when activated within the transmitting area.

(Note: 6.3mm Transmitter and Floor Mat can be ordered separately).

Also available in Beige

KEY SPECIFICATIONS:

Floor mat

- Dimensions: 610mm X 1220mm X 6mm (2-Fold)
- Electrical Resistance < 100 Ohm
- Black PVC Yoga Pattern
