Indigo Care has designed the Single Button Waterproof Pendant. This pendant is water and dust proof with IP Rating of IP67. For infection control, the push button is silicon with anti-microbial inhibitor using silver-nano technology. The pendant's streamline profile enable an easy wrap around patient's palm either for a left or right hand grip. The green call button is at the top where the thumb position is. The pendant is backward compatible with most existing systems in the industry.
